

# **Southeast Elementary School**

## **Parent's Hour**

November 7, 2011

6-7 p.m.

Held at Southeast Elementary School

We have all heard about the law No Child Left Behind (NCLB) as the reauthorization is impending. The League of Women Voters has conducted an educational study to better understand the role of the federal government in public education. In Southeast's Parent's Hour on November 7<sup>th</sup>, Gloria Bent, a League of Women's Voter representative, will present a PowerPoint on the Common Core Standards, Educational Equity and the pros and cons in an act like NCLB. The League would like to hear your thoughts on this subject!

Come for a hot cup of soup and an informative discussion.

Childcare, dinner and light refreshments will be provided.  
Please call 423-1611 to arrange for childcare.
